WELCOME TO MEXICO

Awe-inspiring resorts, set on powdery sands on sprawling coastlines. Darling coastal villages, where *fútbol* is played by youngsters on the same streets the greatest European conquistadors and Aztec, Incan, and Mayan warriors once strode; where old traditions live on, tortillas are still handmade, chocolate is served spiced, and Mayan and Nahuatl languages flow like the rivers that run through the country's jungle.

These are only some of the lasting impressions made by the United Mexican States, the tenth most populated country in the world. Featuring a landscape that offers sugar-white beaches, cinnamon deserts, and cities both forgotten and remembered in between, it's no wonder that so many Americans come here each year in search of paradise.

They head south to feel the kiss of the sun on their skin and the whisper of clear water at their feet. The rush of warm air as they zip through lush rainforests, countered by the crisp coolness of a refreshing cenote. The taste of pestle-ground guacamole, filling tamales, savory barbacoa, or heavenly carnitas, spiced with fresh chiles and tempered with a cornucopia of tropical fruit and mild cheeses.

From the Sea of Cortez to the Yucatan Peninsula, and the Gulf of Mexico to the Pacific Ocean, the magic of Mexico awaits, each destination eager to make its own lasting impression.

PUERTO VALLARTA

Where Romance Comes to Play

Several destinations combine to create one of the most popular haunts of today's leisure traveler—Puerto Vallarta, which exploded onto the tourism scene with diversity that spans from world-class resorts on Banderas Bay to white-washed adobe houses on streets bursting with bougainvillea. With a section formally designated as the Romantic Zone, it seems only fitting that at least one famous love blossomed here: Richard Burton and Liz Taylor rendezvoused while filming *The Night of the Iguana* in the south-side villages of Boca de Tomatlan and Mismaloya. Yet with Playa de los Muertos' golden shores beckoning, the enticement of celebrity pales in comparison.

LIVE IT TO BELIEVE IT

Puerto Vallarta has been appointed the Friendliest City in the World by *Travel + Leisure* magazine. Be welcomed into the picturesque authenticity of Mexican culture that the destination provides. Its coasts are embraced by the Sierra Madre Mountains and sprinkled with beaches, islands, and coves, with stunning landscapes contrasting between the sea and the mountains. All this comes together to create an experience you'll want to live over and over.
